ABOUT ME

Senior Software Engineer with 15+ years in full-stack web development, skilled in React.js, Next.js, Angular, Node.js, NestJS, and DevOps on AWS/Linux. Experienced in building scalable, high-performance applications, optimizing software, documenting systems, and applying basic SEO. Worked with clients across Europe and Asia, delivering solutions that meet diverse business and user needs.

CAREER OBJECTIVE

To leverage my experience as a Senior Software Engineer to take on greater leadership responsibilities as an Assistant Team Lead, contributing to team growth, project success, and high-quality software delivery.

STRENGTHS

Ownership-Driven Mindset

Complexity Simplifier

Outcome-Focused Leader

Bridge Between Tech & Business

Deadline Realist

Mentor with Impact
